

5-Day Intensive Workshop

"Not Just a 5-Day Workshop but a Complete Blended Learning Experience"

HOW TO EARN YOUR CERTIFICATION

- **BEFORE: Complete the Online Pre-Class Learning Modules** - All KMI CKM students gain access to the "KM101" online program for pre-class study, featuring instructor video, animation and interactivity. This means you and your classmates arrive with a level-set understanding of the concepts and terms, regardless of background and experience.
- **DURING: Attend the CKM Workshop** - typically a five-day face-to-face workshop where you participate in practical exercises and "hands-on KM." Now offered in multiple locations throughout the world - click on our calendar of events, and choose the location and dates best suited for you. Private workshops available for groups - see info below.
- **AFTER: Complete the Online Post-Class Testing** - done entirely online, so you do not have to travel to a testing site. There are no additional fees, and, your Certificate is ready to print immediately after you pass. A score of 70% or better is necessary to pass, and you may retake the test - no charge - as many times as necessary to pass. Testing is part of your Certification package and there are no additional fees.
